

RING DIAMETER/ SIZE CHART

15	XS
15,5	XS
16	S
16,5	S
17	M
17,5	M
18	L
18,5	L
19	XL

Be sure
you have
scissors!

FOLLOW THESE STEPS:

- 1) Cut out the blue stripe;
- 2) Wrap it comfortably around your intended finger (choose the widest part) – be sure both ends of the paper stripe meet at the same point.

The stripe whose ends meet closest but do not cross each other shows the size of your finger and ring.

Letters on a stripe mean the equal size of SODA FUTURA rings. Pick it while completing your purchase on www.sodafutura.com

The numbers written on the other end are equal to ring diameters.

In case none of the stripes fit your finger perfectly, please contact us via email info@sodafutura.com

We will make the ring for you even if your size is not here.
